Technical drawing of a mechanical assembly showing a shaft and a coupling. The shaft has a diameter of $\phi 40$ and a length of $\text{max } 245$. The coupling has a diameter of $\phi 60$ and a length of 130.4 . The assembly is shown in a cross-sectional view with dimensions in millimeters. The coupling has a flange with a diameter of $\phi 80$ and a thickness of 50 . The shaft is inserted into the coupling, and the flange is secured with a nut and washer. The nut has a diameter of $\phi 32$ and a thickness of 11.4 . The washer has a diameter of $\phi 32$ and a thickness of 1.4 . The total length of the assembly is $\text{min } 52 - \text{max } 139$.
